The Valerie Fund

“When I come to the Valerie Fund, I forget I actually have a doctor’s appointment and feel more like I’m visiting friends.”

Our Mission

The Valerie Fund's mission is to provide support for the comprehensive health care of children with cancer and blood disorders.

Our Beginning

The Valerie Fund is a not-for-profit organization established in 1976 in memory of nine-year-old Valerie Goldstein by her parents, Ed and Sue.

Our Impact

Thanks to the thousands of caring contributors and volunteers, today there are seven Valerie Fund Children's Centers for Cancer and Blood Disorders located in major hospitals in the tri-state area, providing caring and comprehensive health care to more than 5,000 children and their families each year.

Our approach is as unique and fundamental as our heritage: we firmly believe that disease in a child is best fought when the entire family is armed and supported to resist it. This means bringing state-of-the-art treatment centers close to the home, providing counseling and child development activities, making a summer camp experience that creates a one week miracle for children with cancer, and doing thousands of other things large and small that collectively make a difference.

The Valerie Fund Children's Centers comprise the largest network of healthcare facilities for children with cancer and blood disorders in New Jersey, and one of the largest in the nation. We host over 35,000 patient visits each year.

Our impact is providing a multi-state network of pediatric outpatient center second to none.

Project Swap Shop

Each school that is affiliated with the NJASC is responsible for a part of the money that we raise to give to the Valerie Fund in the Spring. It is up to YOU, the student leaders, to provide for the NJASC's support of this charity. We strongly encourage you to share fundraising ideas with your fellow delegates. This can be through simply talking to your townhouse groups or at the swap shop class number 9 today! We hope that you can take these ideas back to your schools and raise money and awareness for the Valerie Fund!
