

LTC Ledger

What was your favorite part of LTC?

Lucas (Purple) - Brooklawn MS

“I really enjoyed doing the skits, it was really fun. It was a good opportunity to get to know people in your group and also to show who you are and others really are.”

Colby (Green) - Brooklawn MS

“My favorite part would be when we all come together for the big sessions. Everyone is really excited and dancing; it’s one big party!”

Daree (Aqua) - North Star Academy

“Skit night, because it was funny and entertaining. It was cool to see everybody break out of their comfort zone.”

Mike (Yellow) - Oakcrest HS

“I love how different color groups support one another even though they have a competitive side between the north and south. I also love how people in my color group get along so well and our SC’s & JC’s are phenomenal.”

Mark (Blue) - Holy Cross HS

“My favorite part was taking the gold in the LTC games. And it was also a great experience watching the skits, but most of all performing our own.”
