# 2011-2012 State Charity

**MISSION:** to normalize grief in our society and create resilient communities where children coping with loss grow up emotionally healthy and able to lead meaningful and productive lives. This is done through our year-round peer grief support center and educational workshops.

**WEBSITE**     [www.good-grief.org](http://www.good-grief.org)

Good Grief is a resource for grieving children and their families. Through our support center and workshops we help children during the difficult times of their lives and offer support and guidance to the adults in their lives. We currently provide direct services for children and adults coping with loss due to death.
