State Officers

What role does student leadership have in your life?

Nina Trach – President South Brunswick HS

Student leadership is the driving force behind everything in my life. It is how things are accomplished in our schools, communities, and everyday lives. It's so important to know how to lead and who to lead, because as student leaders we can see our impact every day.

Erin Contiliano – Vice President Phillipsburg HS

Student leadership has broadened my horizons in an abundance of ways. From the skills I have learned and the people I have met, being involved in leadership organizations has made me the person I am today. Whether it is with community service, school classes, council and sports teamwork, or simply being an everyday leader; I find myself using the skills that I have gained through my experiences on a daily basis.

Matt Girardi – Secretary Columbia HS

Student Leadership is not just a part of life for many, myself included; it is a privilege which is lived at every moment. Initiative, determination, and teamwork are all integral parts of student leadership which translate into results and progress. My experiences as a State Officer and throughout Student Council and my community have been not only fun but enlightening. Lead on.

Alexei Sepe – Treasurer
Parsippany Hills HS

Student leadership is an inseparable part of my life, forming the person that I am today. From responsibility to problem solving, leadership has a presence in all facets of my day - school, sports, and social activities. Further, interacting with fellow student leaders opened my horizons to new perspectives, while allowing me to develop my own perspective. I am who I am with leadership, and I am grateful for it.

Riyan Kabir – Special Projects

Leadership through student council helps me to make my school a better environment of learning and extra-curriculars for the students. Also, it plays a big part in opening many doors and providing opportunities to expand my horizons and to cause a better change. Leadership overall helps me by working with others to make a difference in our community, county, state and nation.

Kinnelon HS

Katerina Robles – Charity
Nutley HS

School, projects, sports, activities--student leadership has taken the most important role in all of these. The leadership lessons I've learned, and continue to learn, has helped me through many situations, good and bad. Without student leadership, I wouldn't be able to do most of the things I love to do.

Francesca Rodrigo – Publications

Student leadership plays a huge role in my life because it has helped me meet new people, learn new ideas and improve different skills. I am able to have close connections with the students and teachers in my school, as well as be an example for other growing leaders. Student leaders have also inspired me to reach new heights and create new goals. I am grateful to have the opportunity to improve my school and community through leadership.

Edison HS

Alexis Bailey – State Board of Ed.

Bayonne HS

Being involved in student leadership has helped shape who I am as a person. Through various positions on the Midtown Community School, Bayonne High School, and NJASC boards, I have learned many life skills and met people that have influenced me greatly. Student leadership allowed me to come out of my shell and tackle any challenges thrown my way.

Diya Patel – Middle Level Rep.

Brooklawn MS

Student leadership plays a huge role in my life. It has molded me into the person I am by teaching me how to be the best person I can be. Also, student leadership helped me figure out that student council and state office was something I wanted to do. Because I became involved with student leadership I discovered not only in student government but in the community abroad. My life has changed for the better ever since I started taking a part in student leadership

Delegates' Corner

What are your expectations for LTC?

“I’m eager to meet and have fun with people from all around New Jersey with the same mindset as me.” – Elizabeth Pianucci, Edison HS

“I expect LTC to be a fun experience to meet other members of student council from all over the state while learning important leadership qualities that not only benefit me in high school, but for the rest of my life.” – Brianna Rodriguez, Bayonne HS

“I’m excited to become a better leader for my school’s student council through teambuilding and leadership activities. I also can’t wait to meet new people and share ideas.” – Austin Manalese, Edison HS

“I would like to meet new friends and become a better influence at my school.” – Hailey Mozzachio, Haddon HS

“I would like to expand my leadership qualities and abilities so I can share the new things with my school.” – Tanner Roncace, Haddon HS
