Sportsmanship Award: Yellow

## 2017-2018 State Charity

America's Grow-a-Row (AGAR) is a not-for-profit organization that grows and gleans fresh, healthy fruits and vegetables that are then donated to those suffering from hunger throughout the state of New Jersey. Nutritious produce is distributed to hunger relief agencies and at Free Farm Markets in poverty-stricken urban areas that lack access to fresh, affordable produce. As part of their mission, we educate people of all ages and backgrounds about the hunger crisis, nutrition and healthy eating, and agriculture. AGAR's mission is to positively impact as many lives as possible through a volunteer effort of planting, picking, rescuing and delivering free fresh produce.

At AGAR, they:

- Provide fresh, healthy produce to those in need
- Educate people of all generations about hunger and ways to help
- Introduce our youth to farming and healthy eating
- Cultivate in tomorrow's leaders the habit of giving back
- Contribute to the sustainability of agriculture

NJASC is excited to work with America's Grow-a-Row throughout the year as our 2017-2018 State Charity!
